- Insurance company
- Policy number

- Please note: the vessel must be insured on a WA casco+ or all-riskbasis
- Please include a copy of the policy

04 WINTER STORAGE

The winter storage period runs from 15 October 2026 through 30 April 2027.

Preferred date out of the water: .... / .... / ....

Preferred date back into the water: .... / .... / ....

You may choose from the following types of storage (indicate which applies; see the House Rules for the differences between storage types):

OUTDOOR STORAGE (€44.95 incl. VAT per m²)	**INDOOR STORAGE** (79,95 incl. btw per m²)	**WORKSHOP STORAGE** (€89.95 incl. VAT per m²)
◯ Select this storage type	◯ Select this storage type	◯ Select this storage type

Would you like to rent extra m²? This is possible for €74.95 incl. VAT per m². For example, allow 1 metre extra on each side of the boat.

Indicate how many: _____ metres desired (around the boat)

Please note: for vessels over 17 metres in length, a large cradle is required. The surcharge for this is €660 incl. VAT.

PLEASE CHECK WHAT APPLIES:

- ☐ Unstepping the mast (hourly rate)
- ☐ Mast in mast storage
- ☐ Washing the boat (hourly rate)
- ☐ Flushing engines with antifreeze — *we always recommend this to protect the engine*
- ☐ Covering the boat with shrink-wrap *(€50 incl. VAT)*

INCLUDED IN THE STORAGE RATE:

- Hauling out of the water
- Rinsing the underwater hull
- Blocking / cradling
- Cradle rental
- Placement in the shed
- Launching after the storage period

Storage does not include the environmental levy of 5% on the total invoice, up to a maximum of €250 incl. VAT. For other prices, see our price brochure. Any other work to be carried out on the vessel should be indicated on the **Winter Maintenance Form.**

Will a third party be working on your vessel? **Yes** ☐ **No** ☐

Please also have that party complete the Third-Party Work Form, which can be downloaded from our website.

Note: no form = no access for third parties.

05 05 SIGNATURE

By signing this form, you give us permission to operate your vessel. This includes entering and leaving the crane dock and, if necessary, a test run. The customer remains responsible for the vessel while underway and bears the associated risks.
